## Entrance Requirements of University Grants Committee-funded Institutions on Mathematics

Students applying for the 4-year undergraduate programmes offered by the UGC-funded institutions have to attain Level 2 for Mathematics in HKDSE (Please visit the website http://334.edb.hkedcity.net/EN/pathways-01.php for general entrance requirements of individual institutions). Institutions may set additional faculty/programme requirements in consideration of the specific nature and needs of the programmes, as well as students' abilities required to benefit from their studies. The additional requirements or selection criteria on the Compulsory Part (CP) and the Extended Part (EP), which is comprised of Module 1 (M1) and Module 2 (M2), of Mathematics are as follows*:

1. City University of Hong Kong
2. Hong Kong Baptist University
3. Lingnan University
4. The Chinese University of Hong Kong
5. The Hong Kong Institute of Education
6. The Hong Kong Polytechnic University
7. The Hong Kong University of Science and Technology
8. The University of Hong Kong

* The information is retrieved from the websites of individual institutions in January 2014. Please check their websites for further details and more updated information.

## 1. City University of Hong Kong

The following table shows the minimum entrance requirements on Mathematics (for 2014 entry) and the weightings for Mathematics and other subjects in the calculation of admissions scores for different colleges and schools (for 2013 entry)*:

| College / School | Stream | Minimum requirements (for 2014 entry) | $\begin{gathered} \text { Weighting } \\ \text { (for } 2013 \text { entry) } \end{gathered}$ |  |  |  |  |

** "X" denotes elective subjects.
a. The weighting for specific elective subjects (not including M1/M2) is 1.5 and that for other is 1 .
b. The weighting for specific elective subjects (not including M1/M2) is 2.5 and that for other is 1 .

## 2. Hong Kong Baptist University

## (A) Programme Specific Minimum Entrance Requirements

For the programme "Bachelor of Science", the Extended Part (i.e. M1/M2) is considered as an elective subject (the minimum level requirement is 2 ).

## 6. The Hong Kong Polytechnic University

## (A) General entrance requirements

Students not meeting the level requirement of the elective subject may be specially
considered if they have attained Level 2 in M1/M2 (not applicable to programmes offered by the School of Nursing).
For further details, please visit:
http://4yc.polyu.edu.hk/entrance.html .
(B) Admission score calculation with effect from the 2013/14 admission exercise

- There are 3 models for admission score calculation: (i) "4 Core +1 Best Elective", (ii) "Any Best 5 Subjects", and (iii) "Chinese \& English Language + Any Best 3 Subjects".
- Core subjects are given a weighting of at least 7 whilst preferred subjects will be given a weighting of 10 . All other subjects (including relevant Applied Learning subjects) will be given a weighting of at least 5 .
- Programmes which have specified M1/M2 as subjects with the highest weighting, if the weighted score of M1/M2 is higher than that of the "best weighted elective" under the " $4 \mathrm{X}+1$ " model, or the "last best weighted subject" under models (ii) and (iii) above, the "best weighted elective" or the "last best weighted subject", and M1/M2 will each carry $50 \%$ weight in the admission score calculation
