

To My Dearest Form 6 Graduates of 2012

The Best That I Can Be

Every day there are challenges to take.
Every day there are choices we must make,
 but come what may, don't turn away.
Just seize the day, stand up tall and say,
"I want to be the best that I can be
 and live my life with strength and dignity."
Because I tried to the best that I can be.

If I have tried, I feel a sense of pride and stand tall with dignity.
Because again I tried to be the best that I can be.

My dearest graduates, as you continue on the journey of life,
Inwards to discover strengths and weaknesses,
Outwards to discover people's cultures and beliefs, and
Upwards through moments of contemplation of
 what you can offer to the community and to your country.
Hoping you are the best that you can be!

With Heartiest Congratulations and Best Wishes!

Agnes Tang
Principal
